

COOKIE POLICY

This site uses cookies to help us gather information about how it is used and to enable us to understand visitor preferences so that we can continually improve your experience and the website in general.

How do we use cookies?

The information collected through cookies helps us analyze website usage and enables us to offer users a better experience during their visit. We use website analytics tools according to IAB TCF v.2.1 and v2.2 standards for the following purposes: to store and/or access information (cookies and other) on a device and to measure content performance. We will only retain cookies for as long as is necessary to achieve the relevant purposes set out in this cookie policy, including for statistical purposes.

What cookies do we use?

Necessary cookies: These cookies are strictly necessary for the proper functioning of our website and the accessibility of our services (e.g. login functionality, load balancing, navigation, form filling). The website cannot function properly without these cookies.

Preference cookies: Preference cookies enable us to remember information that modifies the behavior or appearance of the website, such as your preferred language, region, video and audio settings.

Statistical cookies: Statistical cookies enable us to understand how visitors interact with our website by collecting and reporting information anonymously.

Social network cookies: The website integrates functionalities from third-party sites, including certain social networks. These features may sometimes be accompanied by scripts or other functionality that read and sometimes place cookies from these social networks on your device. These cookies may be used to personalize advertising messages. Although we have no access to these cookies, nor any control over these social networks, which are responsible for their own processing, nor over the data they collect, including in the context of data transfer outside the European Union when some of them are located in the United States, we have deemed it essential to mention them so that you have clear and complete information that their use may, where appropriate, require your consent.

How do I accept or refuse cookies?

To manage cookies and your choices, the configuration of each browser is different. It is described in your browser's help menu, which will tell you how to modify your cookie preferences. Any changes you make may affect your browsing experience and your access to certain services requiring the use of cookies.

You have the option of configuring your devices to accept all cookies, to notify you when a cookie is issued, or never to accept any cookies at all. However, this last option may mean that certain personalized services cannot be provided and, as a result, you may not be able to take full advantage of all the features offered by this site.

If you do not wish to receive cookies in general, or wish to refuse only certain cookies, you can modify your browser settings accordingly.
